**Re: 2-6 SOUTHAMPTON ROW\_REF:2007/5206/L**

Further to our receipt of the conditional planning permission for the above project we have commenced preparation of the information requested to meet the conditions listed.

We would like to confirm the status of a number of the conditions as they are currently identified as required to be submitted and approved prior to commencement of overall works rather than prior to the relevant works.

It would be helpful if we were able to discharge these conditions throughout the design period and hence submit the required information prior to the commencement of the relevant works.

We would appreciate your consideration on the matter.

Ps. We have already spoken with our conservation officer Hannah Walker who has expressed that she had no objections to the above request.

Some of the conditions in question are as follows.

**Conditions : 2007/5206/L**

**Nos. 3, 4, 7, 8, 9, 10, 12, 13, 14, 15**

Please feel free to get in touch with me if you have any questions
