After a conversation with your private tree dept. I am emailing you to request the pruning of a tree that is in a neighbours garden that back onto me. The tree is a hazel that is in the back garden of 39 fitzroy rd, nw1 My property is 4 primrose hill studios. The tree consists of 20 something small branches and is overhanging my garden blocking a considerably amount of light. The house at 39 fitzry rd is divided into flats and the garden flat is vacant the owner lives in south africa and i am unable to contact them. The owner of 37 fitzroy rd said he had previously cut down parts of the tree and the owner was very happy for him to do this and assured me it would not be a problem. This tree I have found out has no preservation order on it. I look forward to hearing from you.

Regards

Jane Kelsey
