## **Evidence of Consultation and involvement**

### **Parents**

The parents were consulted by the above survey each parent was sent a letter home outlining the Nursery Plan to implement a greener transport routes to the nursery. All the findings from the Survey have been displayed on the Notice Boards in each room with a opportunity to comment.

### **Staff**

The Staff were consulted by the above survey and in-house consultations each member of staff was sent a letter home outlining the Nursery Plan to implement a greener transport routes to the nursery

  
An information pack to be devised and distributed to all parents/guardians at the start of the Pupils enrolment.

Encourage the staff and Pupils to walk with the following information displayed in the Nursery

It's less stressful than traveling by car  
It's cheap – walking to school is free!  
You learn road safety skills while you walk  
It's friendly: 'walk & talk' to friends and adults  
It's considerate: less traffic = safer roads  
It's healthy: getting fresh air & exercise

The Nursery will promote cycling as alternative travel mode for staff by providing secure bicycle storage

The Nursery will provide a Buggy Store for the pupils who walk

The Nursery will discourage staff from using cars in connection with their usual travel to and from school.

To reduce the number of cars traveling to the Nursery

To improve road safety awareness and environmental issues
