

01 Existing South West Elevation

02 Existing North West Elevation

03 Existing South East Elevation

All levels are in metres. All dimensions and levels shall be verified on site before proceeding with works. Detailed site survey to be carried out to verify positions and level relationships with site features and ordnance survey. The architect must be notified of any discrepancy. Where building components are described in the specifications contractor designed, "construction" information relating to those components on this drawing represents design intent only.

Material Key:

- | | |
|---|--|
