Madam/Sir,

re: Flat 1, 39 Swinton Street WC1X OEG Listed Building consent application

I write enclosing a Listed Building consent application for replacing existing single glazed sliding sash windows with double glazed sliding sash windows. I enclose the following:

4 no copies of all:

- Listed Building consent application form duly filled out
- ECA 'Drawing Issue Sheet 39 Swinton Street'
- ECA document 'Proposed Double Glazing installation at 39 Swinton Street, London WC1X 9NT'
- '39 Swinton Street Schedule of Windows, First Second and Third Floors-Date of Existing Window Frames and Glazing'
- All drawings as per above drawing issue sheet= 19 no.

Please review and duly process this Listed Building consent application. It is my understanding that Listed Building consents do not have a fee to be processed. Please advise if otherwise. I do not see this particular alteration to a Listed Building as necessarily warranting a full planning application. But again please advise if otherwise.

In a previous application Ms. Tina Garratt had advised, so she is the person familiar with the site and a similar proposal, and has made a site visit already.

Sincerely

Elden Croy RIBA and on 02078370040

Copy to Peter Storfer
