Dear Ms Christoforou,

Re: Telephone Exchange Refurbishment
Application with reference 2010/4702/P

Please find enclosed the finalised version of the acoustic report that is to accompany the recently submitted application with the above reference. This updated copy of the report now includes a noise assessment of the proposed plant equipment.

The report confirms that the noise levels at the nearest property comply with Camden Council's 5dB below background noise requirement.

Please replace the previously submitted version of this document with this finalised copy.

Should you require any further information please feel free to contact the writer.

Yours sincerely,

A handwritten signature in black ink, appearing to be "James Kilkeny".
