Mr Willis

Thank you for your call of today where you kindly advised that a planning approval will regrettable not be granted due to the retention of the lightwell. As requested i can confirm that should an appeal be successful then the following conditions will apply-

1-basement folding doors will need to be constructed from timber due to the conservation area.
2-section 106 agreement in respect to transport where by the basement flat will not have the right to a residential parking permit

Regards

Michael Collins
