

6.0 Public Realm

Lecture Theatre and Teaching Laboratory

73

6. 15

The architecture celebrates the public programme offered by UKCMRI. At the north east, the building faces the new public square on Midland Road and allows the public realm to flow into the publicly accessible ground floor of the Institute.

6. 16

Outreach and community engagement will be an important part of UKCMRI's work. Amongst the spaces on display are the lecture theatre, exhibition space and teaching laboratory. These spaces will be used for school visits, practical demonstrations and other educational activities.
