*Find out more about UKCMRI and help
shape our plans*

UKCMRI is the new medical research institute proposed for Brill Place in Somers Town. It aims to discover and develop new techniques to fight illnesses which affect all families, like cancers, heart disease, stroke and flu.

We are visiting local community venues in the Somers Town area throughout March 2010. At these drop in sessions you can find out more about our proposals and give us your feedback.

Free to Blue Badge Holders

Motability have teamed up with the Rough Guides to bring a new second addition of the inspirational Rough Guide to accessible Britain that enables you to discover over 175 inspiring ideas for great days out and great ways to explore a range of attractions across the UK.

It also includes the best possible accessible sites with tips on parking and getting around. This guide is free to all blue badge holders and £6.99 to everyone else (inc p&p).

Camden Arts Centre Arkwright Road, NW3

2 April - 30 May

One of the most significant artists working in Brazil today, Italian-born Anna Maria Maiolino, presents a new, site-specific installation and a selection of film works made over the last 30 years.

For her exhibition at Camden Arts Centre, Maiolino will create an installation using several hundred kilograms of clay. Created by manually rolling and shaping the clay into hundreds of rolls or balls, the basic shapes used in ceramics, the installation refers to everyday tasks, to the individual, society and language; each piece retaining distinctive marks of its manufacture and collectively creating an imposing structure.

Big Fun Walk 2010 - Sunday 21 March

A free event; a 7 ½ mile walk around via London Parks in aid of North London Hospice. All ages and abilities welcome pre registration essential. Minimum sponsorship £25 per adult. **For more info and registration contact 020 8202 5586**

UK CENTRE FOR MEDICAL RESEARCH AND INNOVATION ON-SITE EXHIBITION

UKCMRI

UKCMRI is the new medical research institute proposed for Brill Place in Somers Town.

We will fight disease and improve lives, tackling illnesses such as cancer, heart disease, stroke, and flu.

We are setting up an on-site exhibition for 2010 on the UKCMRI site at Brill Place, NW1 1HG (behind the British Library).

To find out more please contact us at info@ukcmri.ac.uk or on 0800 028 6731.

It will open from Thursday 24 June on:

- Tuesdays 11am-5pm
- Thursdays 12pm-7pm
- Saturdays over the summer (26 June, 31 July, 21 August, 25 September) from 11am-2pm.

Please do come and visit us. Our staff will be on hand to answer your questions and you will be able to see the latest designs and plans for the building.

UKCMRI

2 June 2010

Dear Resident,

Somers Town Garden Project 2010 – a chance to grow your own fruit and veg

If you are interested in growing your own fruit and vegetables you might like to join the Somers Town Garden Project 2010 this summer.

Working with the London Wildlife Trust and Camden Council, we are creating temporary allotments on the UKCMRI site in Brill Place, where local residents and community groups can grow their own food, for free. The project is open to local residents of any age. You don't need to have had any experience of gardening to take part – London Wildlife Trust staff will be there to give you all the help you need to grow fantastic fruit and veg.

To find out more, please contact the London Wildlife Trust on 020 7833 2311, email camleyst@wildlondon.org.uk or Anna Ware at Camden Council on 020 7974 6981 or anna.ware@camden.gov.uk.

UKCMRI is the new medical research institute proposed for Brill Place in Somers Town. We will fight disease and improve lives, tackling the illnesses such as cancer, heart disease, stroke, and flu.

On-site exhibition

People living in Somers Town have told us they would like more opportunities to find out about our plans and tell us how we can support the local community. Later this month, we will set up a permanent exhibition on the UKCMRI site at Brill Place (opposite Purchase Street Open Space). The exhibition will open from Thursday 24 June on:

- Tuesdays, 11am - 5pm
- Thursdays, 12pm - 7pm, and
- Saturdays over the summer (26 June, 31 July, 21 August, 25 September) from 11am-2pm.

Please do come and visit us. Our staff will be on hand to answer your questions and you will be able to see the latest designs for the building.

If you'd like to hear more, please contact us at info@ukcmri.ac.uk or on 0800 028 6731.

Yours faithfully,

John Cooper
UKCMRI Chief Operating Officer and Interim Chief Executive

The Medical Research Council is a non-departmental public body incorporated by Royal Charter

Cancer Research UK is a registered charity No. 1089464 and a registered company No. 4325234

UCL is a corporate body established by Royal Charter

The Wellcome Trust is a charity registered in England, no. 218383

The UK Centre for Medical Research and Innovation (UKCMRI) is a joint project between the Medical Research Council (MRC), Cancer Research UK, The Wellcome Trust, and UCL (University College London). The project uses a special purpose construction company, UKCMRI Construction Limited, registered in England (no. 6589995), whose registered office is 215 Euston Road, London, NW1 2BE.
