If you require an official copy, the Land Registry web site explains how to do this.

Land Registry endeavours to maintain high quality and scale accuracy of title plan images. The quality and accuracy of any print will depend on the computer and its print settings. This title plan shows the general position, not the exact line, of the boundaries. Boundaries may be subject to distortions in scale. Measurements scaled from this plan may not match measurements between the copies of the ground. See Land Registry Public Guide 7 - Title Plans.
