Dear Sir or Madam,

RE. PLANNING APPLICATION FOR BASEMENT WORKS AT 15 ANTRIM GROVE. BELSIZE PARK, LONDON, NW3 4XP

Please find enclosed 4no. copies of a planning application showing proposed works at the above address together with relevant drawings. We do not enclose a fee at this time as this is a resubmission of a previous application.

Basically the proposals include the construction of a new basement storey under existing rear garden directly to the rear of the existing property and associated external ground works to form ancillary accommodation and media room with associated light-wells and escape stair.

We have not included information on the structural construction of the basement, we will be happy to have this included as a condition of planning approval. We have not included information on tree protection and are happy to have this included as a condition of planning approval.

We trust that this is acceptable but should you require any additional information, please do not hesitate to contact us.

Yours sincerely,

Mr. D.Westen of DNA Architecture Ltd
