Hi

I contacted camden council on the 7th of july requesting to work in one of your conservation areas. i was given the email address planning@camden.gov.uk. there was however no corespondence to this email and when i chased it up i was given the email address ppp@camden.gov.uk. below is a copy of the origional email i sent with a description of the works which need to be carried out.

I'd like to apply to work in one of your conservation areas. 36-37 cartwright grds, wc1h 9eh.

The work i would like to carry out is as follows.

rear garden: re-pollard london plane back to previous pollard points.

I'm a qualified arborist, i hold all relevant NPTC tickets and national cert in horticulture specialising in arboriculture. I spoke with a member of staff at camden council and they advised me that this would be sufficient notification with regards to working on the property as none of the above trees have a TPO.

Kind regards

paul reilly

permission by the landlords to undertake the
work.

My son who is a tree surgeon will
undertake the work. (Landlords are partners)
