Our company is acting on behalf of Bankmachine Ltd. to install an automated teller machine.

We propose to install a new shop front and automated teller machine at the above address and would like to obtain Planning permission. We are enclosing a planning application for this installation.

In addition to this letter, the application comprises

1. Application form and ownership certificates;
2. Site location plan;
3. Existing and proposed plans;
4. Existing and proposed elevations;
5. Photographs of the property;
6. Design and Access Statement
7. Fee of £265.00 to follow

The property, in which the ATM is installed, is located within a retail area.

We look forward to receiving written confirmation of the registration of this application together with a receipt for the statutory fee.

We would be grateful if you could return a set of stamped plans with the decision document.

Please call me if you require any further information or any of the above requires clarification.

Yours faithfully,

Carolyn Booth
