

NOTES

Installation of new six over six pane sash windows within existing frame

KEY - General Material Finish

The diagram illustrates four different external wall finishes, each shown in a cross-sectional view:

- New slate tiles to match accurately the original material:** Shows a wall with horizontal rows of rectangular tiles.
- Yellow Stock Brickwork:** Shows a wall with a standard brick pattern, including a visible mortar joint.
- Stucco Finish - Lime render:** Shows a wall with a rough, textured surface, representing a stucco or lime render finish.
- GRC - Glass Reinforced Concrete and Stainless Steel Cover Plate to roller shutter boxing:** Shows a wall with a smooth, flat surface, representing a GRC cover plate.
