For the attention of Kevin Fisher

23rd June 2010

Dear Mr Fisher

Removal of cherry tree from outside 81 Belsize Park Gardens NW3 4NJ

We have been asked by our clients SpringHealth Leisure plc to remove a cherry tree from the above address, however, the tree has a TPO and is within a conservation area.

We submit notice that we wish to remove the tree under the 'dead, dying and unsafe' procedure. The tree is unsafe and has been breaking up and on inspection it is noted that the tree is 85% dead. We enclose photographs (4) of the tree.

We look forward to hearing from you.

Yours sincerely,

Elaine Huber
