

A3

This drawing is to be read in conjunction with all other contract documents and specifications and all other consultants drawings.
All levels and dimensions should be checked on site and any discrepancies notified to the Architect prior to proceeding with works.
THIS DRAWING IS COPYRIGHT. No drawing shall be reproduced in any form without prior written permission of Eric Parry Architects.

PLANNING

No. 41

Design Amendments

C Introduction of a taller roof top air source heating and cooling in lieu of the combined ground source and heat rejection units at application.
The form of the louvred enclosure is curved so it diminishes in street and garden views. It is about the same height as the chimneys of the original villas which is probably telling.

Note: Internal partitions have amended to suit revised layouts
