**Subject:** RE: 6214943

Thanks for your message. For the wild cherry we wish to thin generally and reduce the crown by 20 to 25%% in addition to pruning by 2-3 metres.

Best wishes,  
Sarah Dewis

Dear Mrs Dewis,

I have just recieved you General Enquiry form (Ref: 6214943), which states some work that you wish to do on a Wild Cherry: prune by 2-3 metres, thin, cleanout, lift and balance & Elderflower: Prune by 1-2 metres, thin and clean out.

For you application you do not need any planning permission for the elderflower as is it not counted as a tree, you will also need to provide the amount of thinning also the crown lift in either in metres or in a percentage.

This needs to be done before we can validate your application.
