General enquiry form - Ref. 6210486

Customer*Name*

Stephen Weiss

My enquiry is

I would like to apply for permission to cut down the existing Ornamental Plumb tree in the front garden, because it has died.

We would replace it with a honey fungus resistant, flowering shrub. To replace it with another small tree is no longer appropriate because of the large Ginko in the same garden and also the flowering Crab Apple in the front garden of no. 27, next door.

I would like to be contacted by
