Rebecca,

Thank you for the note and confirmation.

The plans are drawn at 1:100 at A3 – if you are able to plot them at A1, they will be at 1:50.

While I respect that this is a Conservation Area, the application is for 1no condenser, hidden in a basement lightwell underneath an existing steel staircase.

If further information is most definitely required, please do not hesitate to contact me and I will endeavour to provide all necessary assistance.

Regards,
