Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: In order to protect the amenity of the residents of the first floor flat from excessive light spillage, in accordance with policies SD6 and SD7A of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 4 All hard and soft landscaping works shall be carried out to a reasonable standard in accordance with the approved landscape details by not later than the end of the planting season following completion of the development or any phase of the development. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Council gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a satisfactory standard of visual amenity in the scheme in accordance with the requirements of policies B1 and N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 5 No development shall take place until full details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the Council. [Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels.] The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To enable the Council to ensure a reasonable standard of visual amenity in the scheme in accordance with the requirements of policies B1 and N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 6 Details shall be submitted to and approved by the Council before works commence on site to demonstrate how the purple plum tree on the boundary with no.57 would be retained and protected during construction work: such details shall follow guidelines and standards set out in BS5837:2005 "Trees in Relation to Construction"

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing tree and in order to maintain the character and amenities of the area in accordance with the requirements of policies N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.
