Dear Elaine

**234 Royal College Street, NW1 9NJ – 2009-3737-P
Condition 4 – York Stone**

Please find attached documentation in relation to condition 3 of the above application together with the requisite condition submission fee of £85.00.

As per our previous telephone conversations with yourself and Charlie Rose, our Client is commencing with the order of the York Stone as sourced by Charlie Rose. Please find a copy email attached which forms the basis of this condition submission, this includes colour photographs of the stone and an email from the stone supplier. On behalf of our Client we confirm that a reservation order has been placed with Ian Mercer of Stonescapes. We do not propose to submit a material sample for this condition as the stone has been select for us by your conservation officer.

As discussed our Client has commenced site works under the pavement frontage to strengthen the existing beam work and pavement under crofts in preparation for the selected York stone loads.

Please contact me should you require any additional information at this stage, or if you require a further meeting on site to discuss the works.

Yours sincerely

Mark Adams
