Online Validation Sheet

[illegible]

The above columns are to be used to identify those consultees who can be notified in different ways:

1. Will accept electronic notification and will view applications on web
2. Will need a printed copy but can accept at A4 size
3. Will need a printed copy with all plans at appropriate scale
4. "Email attachment" has also been included but this would need to be collated manually and is therefore not the recommended option
