Reference:	<input type="text" value="CA\2009\ENQ\02313"/>				
Date (DD/MM/YYYY):	<input type="text" value="03/06/2009"/>	(Must be pre-application submission)			

Details of the pre-application advice received:

"Generally rear extensions should be subordinate to the property being extended in terms of location, form, scale, proportions and dimensions, and allow for the retention of a reasonable sized garden. They should also ensure that they do not cause a loss of amenity to adjacent properties with regard to sunlight, daylight, overshadowing, light pollution/spillage, privacy/overlooking, and sense of enclosure.
It is my considered opinion that the proposed extension complies with the above requirements as it is lightweight structure of a modest size. Therefore it seems to be acceptable in planning terms."
