RECEIVED 22 FEB 2010

Attn: Gavin Sexton, Senior Planner

19 February 2010

Dear Sirs,

**Jack Taylor School, Planning Application Ref: 2008/4890**

As you are aware there has been considerable debate about the proposed alternatives to the entrance of the above school. The debate centring around the inclusion of the docking bays for the busses, the new ramps etc, all as originally proposed.

As a result of that debate it has been decided that this work is not to proceed. The only part of the original proposal to be pursued is the relocation of the existing entrance doors and the introduction of a new timber screen.

As a result we formally request that all of the external works included as part of the original application be withdrawn. The only issue that we request you consider is the door relocation and new screen. As such, we attach four copies of drawing numbers; 12171\_15\_01T, 12171\_20\_01T1 and 12171\_40\_02T1, which indicate this intent. Please substitute these drawings for all those already in your possession.

*If you have any queries or require further information please contact us.*

We await your response.

Yours faithfully,

Tony Henson
