Dear Sir/Madam,

Please find attached an application for Permitted Development a under Lawful Development Certificate for a ground floor side and rear extension and conversion of loft to a habitable room.

This submission follows a previous application made under a Householder Application and follows advice from the previous case officer Ms. Eimear Heavey to resubmit another application under Permitted Development where the extension would be allowed. We were advised to keep the roof extension set back 200mm from the existing roof eaves, which has been done, and so now satisfies the Permitted Development guidelines.

We trust the above is to your full satisfaction. Should you require any more information, please do not hesitate to contact us.

Yours faithfully,

MR. RISHI PATEL
