Dear Sirs

**Application: To fell 3 Lombardy Poplar Trees**  
**Location: Rear Garden, 6 Highfields Grove, Fitzroy Park**

I would like to apply for consent to fell 3 x Lombardy Poplar trees which are located in my garden.

The trees are approximately 80 feet tall and are located at the top of a steep bank above my house 20 feet away from the house. I have been advised that they pose a potentially dangerous threat to my property and its occupants.

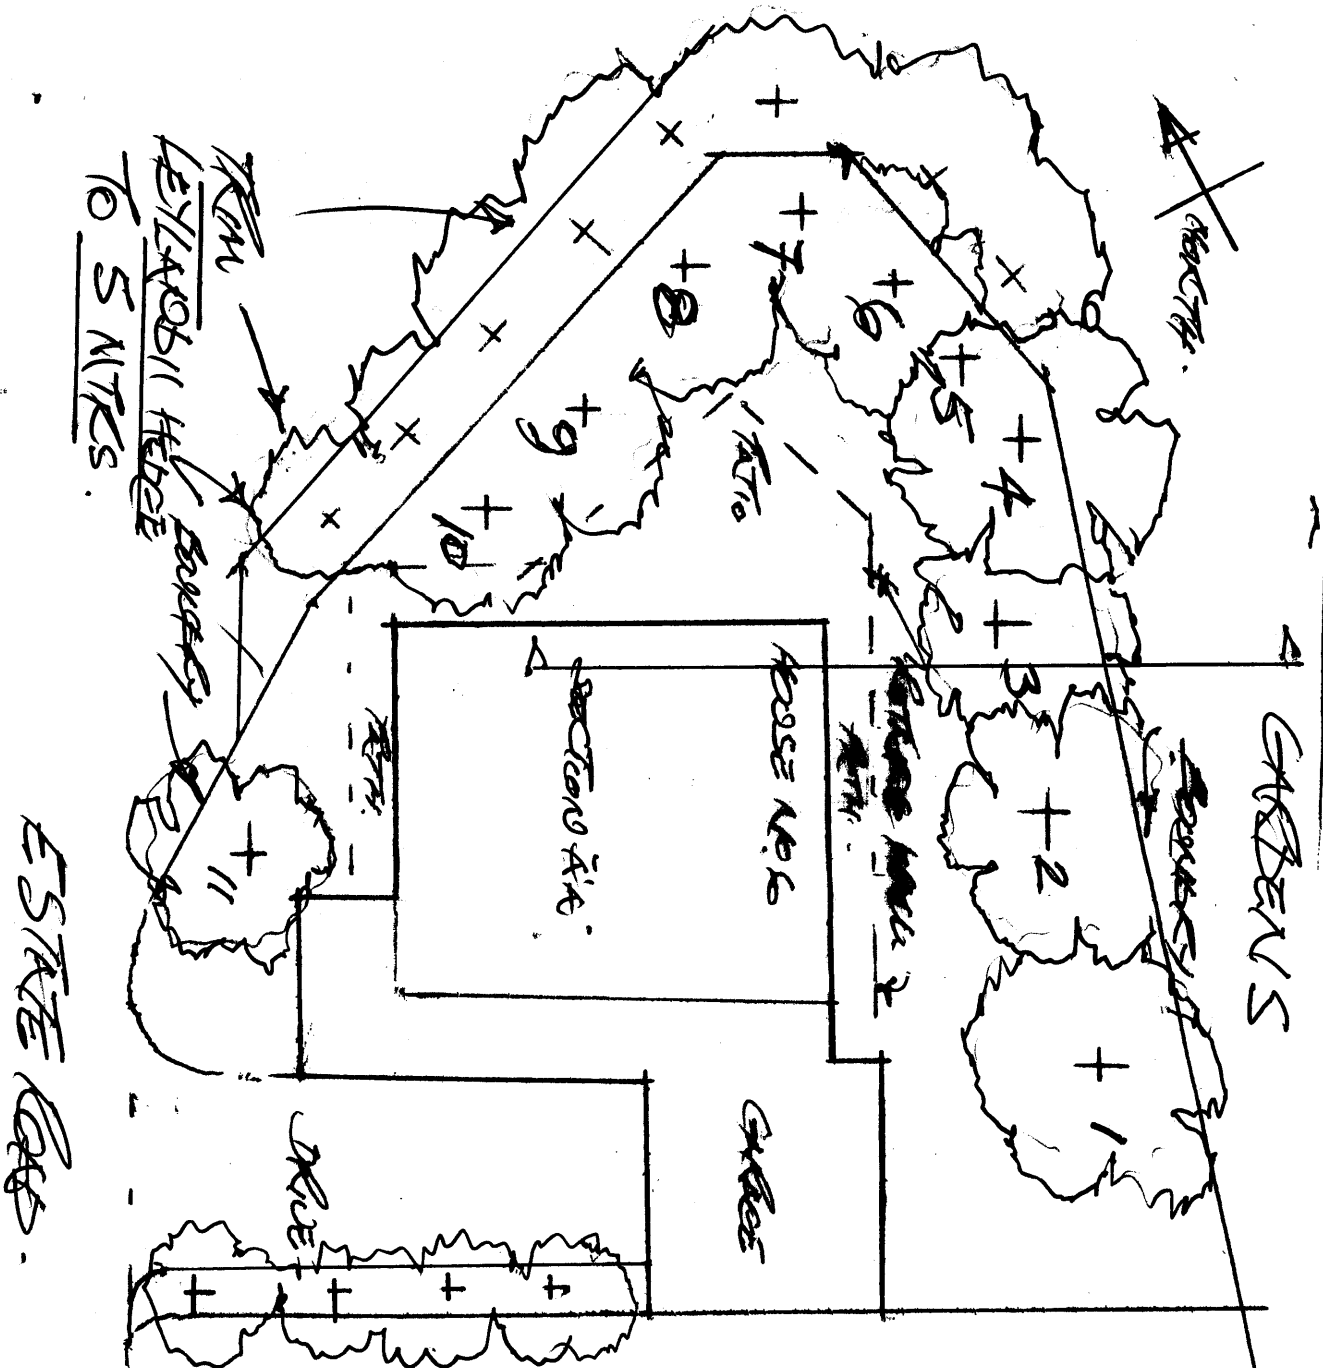

I attach a plan showing the location of the trees and a sectional drawing showing how the roots to the trees are likely to be compromised by their location at the edge of the steep bank.

In addition, I would like to undertake some minor pruning works to other trees, also shown on the plan.

I look forward to hearing from you with your decision. If you require any further information, please do not hesitate to contact me.

Yours faithfully

**Bryan Williams-Jared**
