General enquiry form - Ref. 5652564

Customer	
Name	Adrian Besley
My enquiry is	Hi there, I am about to have major subsidence and repair work to my property in <u>Patshull Road, NW5</u> . The damage has been largely caused by the tree in the back garden and I was wondering if I would be able to get the tree removed rather than risk further problems. I think it is a <u>sycamore</u> but would need to confirm this. Are you able to tell me if I could go ahead with this work if it was deemed necessary?
