Dear Sir/Madam,

Re : 7 Minster Road, London, NW2 3SD – Ref-2009/4780/INVALID

Further to your letter dated 16th October 2009 regarding the above incomplete application, please note the following:

- The lighting indicated on the stairs would be similar to that illustrated here. This is recessed step light, made from aluminium and glass, nominally 125mm high 230wide 60high, with a 9watt compact fluorescent lamp.

It would be used during the school's opening hours being 8am-6pm during the winter months when ambient light is low. This is to aid safe access illuminating the surface of the steps.

- Regarding the materials please note the following:

<u>Area</u>	<u>Material</u>	<u>Colour / Appearance</u>
Hard Surfacing	Precast Stone	Portland Grey
Buggy Store	Timber	Stained Grey
Railings	Metal	Painted Grey
Stairs	Precast Stone	Portland Grey
Bin store	Timber	Stained Grey

- Wheelchair platform lift – we propose a lift similar to the Stannah Stairriser SX – manufacturer's datasheet attached for your reference.

I trust this provides you with the additional information you require. Should you have any further queries please do not hesitate to contact this office.

Kind Regards,

A handwritten signature in blue ink that reads "Daniel Leon".
