Re.: Planning Application – Garage Conversion - 6 Keats Grove, Hampstead, London NW3 2RT

A Planning Application for a garage conversion into a storage and atelier facility has today been forwarded online via Planning Portal.

A previous planning application was submitted in February 2009 – your ref.: 2009/0865/INVALID – which was withdrawn in July 2009.

The forwarded proposal is a “down-scaled” proposal compared to the previous forwarded proposal. The proposal includes utilising existing garage façade walls.

Any questions and correspondence regarding the application kindly addressed to me via e-mail – gkarup@idpd.co.uk as I am based in Italy.

A possible Planning Permission kindly forwarded to my e-mail address and the original forwarded to the Applicant:

Thank you in advance,
Yours sincerely,
