Application for Planning Permission. Town and Country Planning Act 1990

## Publication of applications on planning authority websites

Please note that the information provided on this application form and in supporting documents may be published on the Authority's website. If you require any further clarification, please contact the Authority's planning department.

Please complete using block capitals and black ink.

It is important that you read the accompanying guidance notes as incorrect completion will delay the processing of your application.

14. Biodiversity and Geological Conservation	15. Existing Use
	Please describe the current use of the site:
To assist in answering the following questions refer to the guidance notes for further information on when there is a reasonable likelihood that any important biodiversity or geological	RESIDENTIAL
conservation features may be present or nearby and whether they are likely to be affected by your proposals.	
Having referred to the guidance notes, is there a reasonable	Is the site currently vacant? Yes X No
likelihood of the following being affected adversely or conserved	If Yes, please describe the last use of the site:
and enhanced within the application site, or on land adjacent to or near the application site?	
a) Protected and priority species: Yes, on the development site	
Yes, on land adjacent to or near the proposed development	
	When did this use end (if known)?
	DD/MM/YYYY (date where known may be approximate)
<ul> <li>b) Designated sites, important habitats or other biodiversity features:</li> </ul>	Does the proposal involve any of the following:
Yes, on the development site	Land which is known to be contaminated?
Yes, on land adjacent to or near the proposed development	
X No	Land where contamination is suspected for all or part of the site?
c) Features of geological conservation importance:	A proposed use that would
Yes, on the development site	be particularly vulnerable to the presence of contamination?
Yes, on land adjacent to or near the proposed development	
No No	If you have answered Yes to any of the above, you will need to submit an appropriate contamination assessment.
16. Trees and Hedges	17. Trade Effluent
Are there trees or hedges on the proposed development site? Yes X No	Does the proposal involve the need to dispose of trade effluents or waste? Yes XNO
And/or: Are there trees or hedges on land adjacent to the	If Yes, please describe the nature, volume and means of disposal
proposed development site that could influence the	of trade effluents or waste
development or might be important as part of the local landscape character? Yes No	
If Yes to either or both of the above, you will need to provide a full Tree Survey, with accompanying plan before your application can be determined. Your Local Planning Authority should make clear on its website what the survey should contain, in accordance with the current 'BS5837: Trees in relation to construction -	
Recommendations'.
