Customer Support Team

Further to your letter of 15th July, please find to follow and attached the following information in response to your request:

1. Planning application submitted today (portal reference 782609) for *Emdy updates* replacement dormer windows.
2. Section through existing dormer windows detail added to drawing 08-101-69A - pdf attached.
3. Roof tiles to be used are to be existing where possible. Builder is to carefully strip slopes and set tiles aside for reinstallation. New tiles, if required will be to match the existing, believed to be clay roman profile tiles. D&A updated attached. *✱*

I trust that the above and attached is sufficient to validate application 2009/2733/INVALID however if you require any additional information please let me know without delay.

The original application was submitted on 5th June 2009 and we were informed only yesterday (15th July) that the application was invalid after we chased you for information, which we consider is pretty poor performance on the part of Camden Council Planning Department!

Regards
Anna Jardine
