Design Statement;

The Council has considered your application and decided to grant permission subject to the following condition(s):

Condition(s) and Reason(s):

- 1 The development hereby permitted must be begun not later than the end of three years from the date of this permission.

Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 A Sample panel of the facing brickwork demonstrating the proposed colour, texture, face-bond and pointing shall be provided on site and approved by the Council before the relevant parts of the works are commenced and the development shall be carried out in accordance with the approval given. The sample panel shall be retained on site until the work has been completed.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies S1/ S2 and B1 and B7 of the London Borough of Camden Replacement Unitary Development Plan 2006

- 3 The details of the all facing materials to be used on the building shall not be otherwise than as those submitted to and approved by the Council before any work is commenced on the relevant part of the development. Such details shall include proposed slab levels of the building in relation to the existing and proposed levels of the site and the surrounding land. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies S1/ S2 and B1 and B7 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 4 No development shall take place until full details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the Council. Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels, a scheme for grey water recycling and a scheme for sustainable urban drainage. The hard and soft landscaping scheme shall be carried out in its entirety in strict accordance with the details thus approved, and thereafter the means of enclosure to the street frontage of the site shall be permanently maintained and retained as approved.

Reason: To enable the Council to ensure a reasonable standard of visual amenity in the scheme in accordance with the requirements of policies B1 and N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 5 All hard and soft landscaping works shall be carried out to a reasonable standard in accordance with the approved landscape details by not later than the end of the planting season following completion of the development or any phase of the development, whichever is the sooner. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Council gives

written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a satisfactory standard of visual amenity in the scheme in accordance with the requirements of policies B1 and N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 6 Details of the design of building foundations and the layout, with dimensions and levels, of service trenches and other excavations on site in so far as these items may affect trees on or adjoining the site, shall be submitted to and approved by the Council as the local planning authority before any works on site are commenced. These should be designed in accordance with the details outlined in the hereby approved tree report. The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policies N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 7 All trees on the site, or parts of trees growing from adjoining sites, unless shown on the permitted drawings as being removed, shall be retained and protected from damage to the satisfaction of the Council. Details shall be submitted to and approved by the Council before works commence on site to demonstrate how trees to be retained shall be protected during construction work: such details shall follow guidelines and standards set out in BS5837:2005 "Trees in Relation to Construction

Reason: To ensure that the Council may be satisfied that the development will not have an adverse effect on existing trees and in order to maintain the character and amenities of the area in accordance with the requirements of policies N8 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 8 Details of the sedum roofs, including species, planting density, substrate and a section at scale 1:20 showing that adequate depth is available in terms of the construction and long-term viability of the green roof, and a programme for a scheme of maintenance, shall be submitted to and approved by the Council prior to the commencement of works. Thereafter, the green roof shall be fully provided in accordance with the approved details, and permanently retained and maintained in accordance with the approved scheme of maintenance.

Reason: To ensure that the green roof is suitably designed and maintained in accordance with the requirements of policies SD9 and B1 of the London Borough of Camden Replacement Unitary Development Plan 2006 and design advice in the Council's Supplementary Planning Guidance

- 9 Prior to installation details of any required plant (including any acoustic isolation and sound attenuation) shall be submitted to the Council for approval. The acoustic isolation shall thereafter be maintained in effective order.

Reason: To safeguard the amenities of the adjoining premises in accordance with the requirements of policies SD6 SD7B, SD8 and Appendix 1 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 10 Noise levels at a point 1 metre external to sensitive facades shall be at least 5dB(A) less than the existing background measurement (LA90), expressed in dB(A) when all plant/equipment are in operation unless the plant/equipment hereby permitted will have a noise that has a distinguishable, discrete continuous note (whine, hiss, screech, hum) and/or if there are distinct impulses (bangs, clicks, clatters, thumps), then the noise levels from that piece of plant/equipment at any sensitive façade shall be at least 10dB(A) below the LA90, expressed in dB(A).

Reason: To safeguard the amenities of the [adjoining] premises [and the area generally] in accordance with the requirements of policy[ies SD6 [, SD7B, SD8 and Appendix 1] of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 11 The development shall not be occupied until the whole of the car parking provision shown on the approved drawings is provided. Thereafter the whole of the car parking provision shall be retained and used for no purpose other than for the parking of vehicles of the occupiers and users of the development.

Reason: To ensure that the use of the premises does not add to parking pressures in surrounding streets which would be contrary to policies SD6 and T7 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 12 Notwithstanding the provisions of Article 3 of the Town and Country Planning (General Permitted Development Order) 1995 or any Order revoking and re-enacting that Order, no development within Part 1 (Classes A, C and D) [and Part 2 (Class C)] of Schedule 2 of that Order shall be carried out without the grant of planning permission having first been obtained from the Council.

Reason: To safeguard the visual amenities of the area and to prevent over development of the site by controlling proposed extensions and alterations in order to ensure compliance with the requirements of policies S1/ S2, B1 and SD6 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 13 The windows on the east and west elevations of the buildings shall be obscure glazed and be of a design that is not capable of being opened below a height of 1.8m above the finished floor level, and thereafter permanently maintained and retained as such.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policies S1/S2 and SD6 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 14 The windows at first floor on the rear elevation of the building shall be obscure glazed and fixed shut, and thereafter permanently maintained and retained as such.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policies S1/S2 and SD6 of the London Borough of Camden Replacement Unitary Development Plan 2006.

Informative(s):

1 Reasons for granting permission.

The proposed development is in general accordance with the policy requirements of the London Borough of Camden Replacement Unitary Development Plan 2006, with particular regard to policies S1, S2, SD1, SD2, SD6, Sd9, H1, H7, H8, B1, B7, N5, N8, T3, T7, T8, T9 and T11. For a more detailed understanding of the reasons for the granting of this planning permission, please refer to the officers report.

2 Your proposals may be subject to control under the Building Regulations and/or the London Buildings Acts which cover aspects including fire and emergency escape, access and facilities for people with disabilities and sound insulation between dwellings. You are advised to consult the Council's Building Control Service, Camden Town Hall, Argyle Street WC1H 8EQ, (tel: 020-7974 2363).

3 Your proposals may be subject to control under the Party Wall etc Act 1996 which covers party wall matters, boundary walls and excavations near neighbouring buildings. You are advised to consult a suitably qualified and experienced Building Engineer.

4 Noise from demolition and construction works is subject to control under the Control of Pollution Act 1974. You must carry out any building works that can be heard at the boundary of the site only between 08.00 and 18.00 hours Monday to Friday and 08.00 to 13.00 on Saturday and not at all on Sundays and Public Holidays. You are advised to consult the Council's Environmental Health Service, Camden Town Hall, Argyle Street, WC1H 8EQ (Tel. No. 020 7974 2090 or by email env.health@camden.gov.uk or on the website www.camden.gov.uk/pollution) or seek prior approval under Section 61 of the Act if you anticipate any difficulty in carrying out construction other than within the hours stated above.

5 Your attention is drawn to the fact that there is a separate legal agreement with the Council which relates to the development for which this permission is granted. Information/drawings relating to the discharge of matters covered by the Heads of Terms of the legal agreement should be marked for the attention of the Sites Team, Urban Design and Regeneration.

6 You are requested to consult with the occupiers/owners of Lynne Court regarding the possible relocation of the existing external water tap facility.

Your attention is drawn to the notes attached to this notice which tell you about your Rights of Appeal and other information.

Yours faithfully
