My Ref. No. 021208

2nd December 2008

Dear Sirs,

Re. Full Planning Application for an extension to

26a Primrose Gardens Belsize Park London NW3 4TN

Please find enclosed on behalf of Tiffany Coppersmith-Heaven a completed Full Planning application, submitted via the Planning Portal for proposed alterations to the roof structure at the above address, comprising the following documentation;

- site information inc. site photos images 1-4 & drawings adg0001-0007 as shown on Issue Sheet Adi0001-
- the completed application forms, via Planning Portal
- the marked up Location Plan ask0001-
- The Design and Access Statement – Tiffany D&A Statement
- the sum of £150

I am aware that the site is within the Belsize Park Conservation Area and that there are a wide variety of similar extensions in the area. In particular, I have noticed a couple of rear dormers which extend to the eaves and which extend the whole width of the building.

I trust that you will be able to permit this proposal but if you wish to discuss the proposal or require further clarification, including minor amendments please do not hesitate to contact me, as above.

I look forward to hearing from you in the near future.

Yours Faithfully,

Kieran McDonnell
