## RECORDED DELIVERY

Dear Sirs

Notice of intention to install telecommunications apparatus pursuant to:

- 1 The Town and Country Planning (General Permitted Development Order 1995 (Schedule 2 Part 24) (as amended).
- 2 Orange Personal Communications Services Limited's authorisation to operate a public electronic communications network under the provisions of the Telecommunications Act 1984, Communications Act 2003 and the Electronic Communications Code (Conditions and Restrictions) Regulations 2003.

Orange Personal Communications Services Limited hereby gives notice and makes application for a determination with regard to details of siting and appearance pursuant to Part 24, Class A, Condition A.2 (4) of the Town and Country Planning (General Permitted Development) Order 1995 (as amended).

In addition, in certain circumstances we are required to notify you, under the appropriate Regulation of the Electronic Communications Code (2003) of our proposed intention to install electronic communications apparatus. Please accept this letter as formal notification of our intent to do this, subject to securing planning permission in respect of the following development:

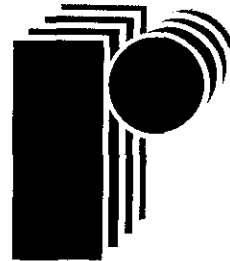

**Orange installation in highway verge on Grafton Road**

**OS Grid Reference: E528285/N185360**

**Grafton Road  
Camden  
London NW5 4AU**

In order to assist this application I enclose the following:

- Summary Statement
- Supporting Statement which includes a technical justification

- Five copies of the Supplementary Information Template (This has replaced the Annex C Certificate). (Four additional copies have been supplied to assist the LPA in their consultation).
- Five sets of drawing numbers GLN4040/C/01 Rev B, and GLN4040/C/02 Rev B (Four additional copies have been supplied to assist the LPA with their consultations).
- A document entitled "Network and 3G information". This has been produced by Orange and explains how mobile phones work, the technical issues behind the siting of base stations and also introduces the new system commonly referred to as 3G or Third Generation.
- ICNIRP Compliance Certificate
- Health and Safety statement
- Copy of Developer's Notice as requested under the GPDO
- Prescribed Fee

Orange is proposing to install a 10m tall slim-line pole in the verge of Grafton Road, in order to provide coverage along the adjacent railway cutting.

Please contact me if you wish to meet me on site to discuss these proposals.

We trust that the Council will be able to support Orange's proposals. Should you have any queries then please do not hesitate to contact me.

Yours faithfully

**Roderick Rennison**

**For and on behalf of Orange Personal Communications Services Limited**
