OBSERVATIONS

Yuck.

[They seem to be in a hurry - something to do with adopting a child and needing more space].

- Conservation Area
- Listed Building
- Adjoining Listed Building
- TPO

This proposal is not in keeping with the character of the existing building and is considered detrimental to the visual amenity of the area.

I also consider it overdevelopment and RRO9.
(The building south of 11 i.e. no 10 is smaller in scale)

I was not able to see the backs so please take a few photos to confirm above.
But as it is virtually on back boundary at upwards ordinary daylight angle.
