Our Ref. SDT

Your Ref. PL/920309

Date 10.12.92

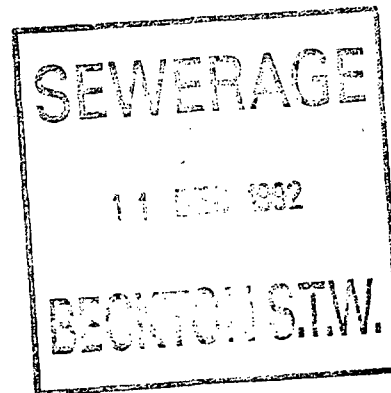

Dear Sir

With reference to your letter dated 1.12.92, I enclose herewith an extract of the 1:1250 plan upon which the approximate positions of our water mains and apparatus are indicated.

This reply applies to potable water mains only. The effect of the proposal on the Utilities' sewers should also be assessed. The great majority of the Utilities' sewers are controlled on behalf of Thames Water Utilities by the Local Authorities to whom all enquiries should be addressed. If there is known to be a Thames Water Utilities' sewer involvement, contact should be made with the Statutory Engineers Group, Thames Water Utilities, Central Admin and Sewers, Beckton STW, Jenkins Lane, Barking, Essex, IJ11 OAD (Telephone 071 837 3300).

Yours faithfully

MJ ALLEN
