14th October, 1974.

The Director of Planning and Communications,
London Borough of Camden,
Old Town Hall,
197, High Holborn,
London,
WC1V 7BG

Dear Sir,

Town & Country Planning Act 1971
1A & 1B Bonny Street, NW1

Further to our planning application in connection with the above and our recent conversation with Mr. Williams, we confirm alterations to the South West end of the building to comply with light angles at the boundary, and to protect day-lighting to 148 Camden Street.

The existing boundary wall 3 meters above pavement level will remain at ground floor level, and the first floor will be set back so that the parapet at the front of the building is 59° and at the rear of the building 49° from a point 2 meters above ground level.

The slate clad sloping roof at first floor level on the North West boundary will be set back so that the angle of 59° will commence 2 meters above ground level.

Yours faithfully,

HARDY, COCHRANE & PARTNERS.
