Dear Sirs,

Town & Country Planning Act 1990
18 Hemstal Road NW6

I refer to the planning permission dated 19th July 1993 for alterations to the above property in connection with its use as three self-contained dwelling units. You will recall that this permission was subject to a condition requiring the erection of the 1.8m high screens shown on the drawings along the east side of the roof terraces.

The premises was inspected on 8th March 1994, when it was discovered that the screens had not been erected. The development is therefore in breach of planning control.

I must therefore formally advise you that the premises will be re-inspected in one months time i.e. on or shortly after 11th April 1994. If the screens have not at that time been erected in accordance with the details shown on the approved drawings and the requirement of the planning permission I will be serving a Breach of Condition Notice requiring the work to be done.

I enclose a copy of the decision letter for your attention, and trust you will give this matter your urgent attention to obviate the need for further action.

Yours faithfully,

S. Waddell,
for Head of Service.
