Our Ref: DJH/LAC/

For the Attention of Miss Waddell

Dear Madam

Re: 23 Rousden Street London NW1

We enclose revised Plans and Elevations of the above premises, incorporating the amendments as discussed at our recent meeting.

The principal alteration is the cut back of the first floor rear addition to preserve the angles of light to the premises. In order to adjust for the resultant loss of floor space in the maisonette, we have moved the staircase of that unit towards the front of the building. We believe that the result is a satisfactory arrangement and trust that you are now able to progress the application to a favourable decision.

We understand that the matter will be dealt with by delegated powers and we look forward to hearing from you shortly.

Yours faithfully

David J Heasman FRICS
Chartered Surveyor

23rd January 1989

Attention of Mr. Baikie

Dear Mr. Baikie,

re: 23 Rousden Street, London, NW1.

Further to our meeting on Wednesday, 11th January 1989, I have pleasure in enclosing 4 no. copies of revised plans, sections and elevations nos: 3359/5B/6B for the above property. As you will see these drawings accurately reflect our discussion and conclusions for the proposed development at the above property.

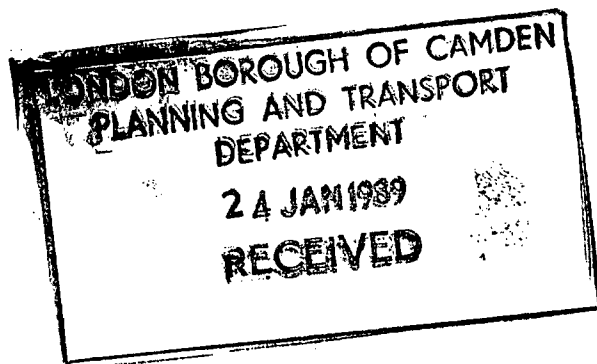

I trust that the application will now be able to proceed without further delay but if there are any problems please do not hesitate to contact me at the above office.

In anticipation of a speedy decision.

Yours sincerely,

S. Wyatt
