(with plan)

12 OCT 1936

Buddhist Mission  
41, Gloucester Road, Regents Park, N.W.1.  
Erection of Proposed Temple.

With reference to our conversation over the telephone this morning, we have since been in touch with the District Surveyor, and, as requested by him, have forwarded one copy of the plan of the proposed Temple to him for his approval in view of the fact that the Temple comes under the heading of a public building.

He stated that we should forward two copies of the plan to you and these are enclosed herewith. The Architects who prepared the plan are in London, and as yet no Architect has been engaged here to supervise the erection of the Temple.

We shall be glad to hear from you as soon as possible if you have considered the matter.

Yours faithfully,

(Sgd.) T. L. WILSON & CO.

Principal Architect.

The plans are lodged under the Town & Country Planning Act, 1932, Interim Development Order, 1933.
