NOTES

GENERAL

1. Under the Town and Country Planning (Control of Advertisements) Regulations 1969 many outdoor advertisements require express consent before they can be lawfully displayed. Applicants should refer to the Regulations for details.

PERIOD OF CONSENT

2. Normally the maximum period for which consent may be granted is 5 years. The Council may not grant consent for a longer period without special approval from the Secretary of State for the Environment (the Secretary of State for Wales). If consent is required for a specific period of less than 5 years this should be stated in reply to question 8.

DRAWINGS REQUIRED

3. The drawing can be in black and white on paper. It should show the size of the advertisement and its position on the land or the building in question. In the case of a sign it should also give the materials to be used, fixings, colours, height above the ground and, where it would project from a building, the amount of the projection. The drawing should include the site location plan which need not be to scale but should have sufficient detail to enable the site to be identified.

OWNER'S CONSENT

4. It is a condition of every consent granted by or under the Regulations that before the advertisement to which the consent relates is displayed, the permission of the owner of the land or other person entitled to grant permission shall be obtained.

OTHER CONSENTS

5. Consent under the Town and Country Planning (Control of Advertisements) Regulations 1969 does not relieve the applicant from obtaining any other consents which may be necessary, e.g. under the Petroleum Acts, the London Building Act, etc.
