Project The Swiss Church in London

Dear Ms Lewis,

Please find attached the information you requested in your letter from 4th February 2008 to complete the Planning and Listed Building Application you received on 16th January 2008 for the renovation and transformation of

The Swiss Church in London, 79 Endell Street, London WC2H 9DY

Application Ref: 2008/0342/INVALID
Associated Ref: 2008/0345/NEW

The further requested £130 have been sent to you via check on 8th February 2008.

The information you requested is provided in the attached document "Complement to the incomplete Planning and Listed Building Application" under the following points:

- Please submit a detailed schedule of works including details of any fabric that will be removed from the building.

Under point 1, on page 2 of the attached document

- Please provide an historic building justification for the removal of the existing stair and ground floor slab, existing gallery and organ as well as the works associated with the new lower ground floor level e.g. lengthening doors, removal of steps.

Under point 2, on page 3 of the attached document

- Please provide further details of the baswaphone plaster.
-

Under point 3.1, on page 7 of the attached document

- Please provide further information regarding the works to the windows. Will the existing window frames be retained? If not, please provide detailed drawings and manufacturers information of the proposed windows.

Explained on page 6 of the attached document

- Please annotate the plans to show the positions of the internal fan coil units.

Under point 3.2, on page 11 of the attached document

- Please submit an engineers' report detailing the existing and proposed ground floor level construction.

Under point 3.3, on page 12 of the attached document, Under point 3.4, on page 20 of the attached document

- Please submit an internal elevation looking towards the entrance from the main hall.

Under point 3.5, on page 21 of the attached document

- Please submit a detailed section through the new entrance threshold.

Under point 3.6, on page 22 of the attached document

- Please provide drawings of the existing railings adapted to double fold and new handrail elevation and section.

Under point 3.7 and 3.8, on page 23 and 24 of the attached document, as well as under point 3.9 on page 25 of the attached document.

We also attached the reactions of two independent societies which have already been for their opinion on the scheme as well as the Quinquennial inspection Report done on 26th September 2007.

Hoping to have provided all of the required documents, and thanking you for your kind attention, we are looking forward to receiving your timely and positive response.

Yours faithfully
Victoria Easton
