Dear Sirs,

29 – 35, Farringdon Road
Ref. 2006/ 1368/ P

As required by condition 1 of the planning consent dated 14th July 2006, we are pleased to submit large scale dimensioned drawings of the proposed new windows at 5th and 6th floor levels. These drawings are numbered SGCAD/ 13562/ 2000 A, 2001 A, 2004, 2006 and 2007.

In addition and as required we are arranging for a sample window and a sample of the proposed external render to be made available for your inspection on site.

To suit the programme of the site works, we would be grateful if this inspection could take place early in the new year and if possible on Monday 14th January 2008.

Thank you for your assistance in this matter and please let us know if a site visit on that date will be possible.

Yours faithfully,

Mark Burgess
