To Whom It May Concern

CARLTON HOUSE – PROPOSED ROOF TERRACE

I understand that there has been a proposal to convert the flat roof of Pizza Express on the first floor of Carlton House into a roof terrace.

As tenant of the flat directly outside this space, I am sure that this would not pose any problems or cause any inconvenience to our flat. On the contrary, the flats are fairly small and some outside space would be a great asset. I am absolutely sure that the other tenants in the building would agree.

Yours faithfully

Marie-Louise O'Hara

To whom it may concern,

We were very pleased to hear that our landlord, Mr Brian Naftalin, is considering creating a roof terrace on the flat roof outside Carlton House. We approve of this idea, and think it would be wonderful to have an outside space added to Carlton House.

Kindest regards,

A handwritten signature in black ink, appearing to read 'Natasja Glezen', written in a cursive style.
