Dear Mr Thuaire,

2007/2898/P - 14 Oakhill Avenue, London NW3 7RE

Further to the Full Planning Permission Granted on 06.08.07, we have pleasure in enclosing updated drawings in respect of planning conditions 2 and 3 (2007/2898/P).

Included in this application are 3 sets of:

- Revised Proposed Site Plan (revision C)
- Revised Proposed South West Elevation (revision A)
- Proposed Sections 1, 2 and 3
- Drawing issue sheet dated 25.10.07

We would like to draw your attention to the following:

- All of the external works facing Oakhill Avenue will be finished in a brick to match and complement the existing house
- With regards to the more private area of the garden, works will be carried out in natural stone, which will complement the existing palette of materials that can be seen surrounding the house
- The planting Schedule and garden layout have been developed after consulting a Landscape Designer who also provided the Tree Survey Schedule used for the Planning Application

I trust the enclosed drawings are satisfactory and ask that you do not hesitate to call me should you have any questions.

Yours sincerely,

Patrizia Tariciotti
RobinEllis
