Dear Mr. Martin,

RE: 2007/4980/INVALID & 2007/4979/INVALID - Incomplete Application  
Dickinson House, 46 Highgate West Hill

Further to your letter dated 11/10/07 and our phone conversations, I understand the drwgs A10B and A22B (showing Elevation C) did not come through with our original Application. We are sending them again, as requested. When you receive them, you will see that the existing window on that elevation, the one we propose to replicate as the new window, is not a sash, but a casement window with no glazing bars. Infact it is not a historic window, but rather a late 20th century item, hence the 1:10 and 1:5 details you mention may well be unnecessary. We are sending a picture of the window to illustrate the point, see drwg P07. Could you pls. confirm.

Also attached are the requested additional images of the areas where significant alterations are proposed, e.g. basement, ground and top floor.

As discussed, given the limited nature of the external alterations proposed, this application does not require a Planning Permission, only the Listed Building Consent. We can confirm again (as our e-mail date 11th October 2007) that the Planning Application is hereby withdrawn. Would you mind pls.confirming that our payment (£135) for the Application had not been processed (I understand LBC is free of charge).

Many Thanks

Yours sincerely,

Sanya Polescuk
