Dear Sir / Madam

Re 2007/4473/INVALID Additional information for 73 Farringdon Road, London

Regarding our recent Online Planning Application, we enclose the following item as requested.

- Drawing 2228 405 Existing Section A-A

Furthermore we would like to clarify the following issues:

We can confirm that Certificate A was signed correctly as none of the leases run for 7 years or longer.

The proposed new apartment on the fifth and sixth floor will have no direct lift access. The existing lift extends to the fourth floor.

We trust that the application is now complete and can be processed. Should you require any further information or clarification please do not hesitate to contact us.

With kind regards

Gebina Harren
