Reason: In order to comply with the provisions of Section 91 of the Town and Country Planning Act 1990 (as amended).

- 2 Use of the rear first floor level balcony shall not commence until the 1.8m high privacy screen, as shown on the approved drawings, has been constructed. The screen shall be permanently retained and maintained thereafter.

Reason: In order to prevent unreasonable overlooking of neighbouring premises in accordance with the requirements of policies S1/S2 and SD6 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 3 No development shall take place until full details of hard and soft landscaping and means of enclosure of all un-built, open areas have been submitted to and approved by the Council. [Such details shall include details of any proposed earthworks including grading, mounding and other changes in ground levels.] The relevant part of the works shall not be carried out otherwise than in accordance with the details thus approved.

Reason: To enable the Council to ensure a reasonable standard of visual amenity in the scheme in accordance with the requirements of policies B1 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 4 All hard and soft landscaping works shall be carried out to a reasonable standard in accordance with the approved landscape details by not later than the end of the planting season following completion of the development. Any trees or areas of planting which, within a period of 5 years from the completion of the development, die, are removed or become seriously damaged or diseased, shall be replaced as soon as is reasonably possible and, in any case, by not later than the end of the following planting season, with others of similar size and species, unless the Council gives written consent to any variation.

Reason: To ensure that the landscaping is carried out within a reasonable period and to maintain a satisfactory standard of visual amenity in the scheme in accordance with the requirements of policies B1 of the London Borough of Camden Replacement Unitary Development Plan 2006.

- 5 The rear of the proposed ground floor level extension shall be a green roof. Details of the sedum roof, including species, planting density, substrate and a section at scale 1:20 showing that adequate depth is available in terms of the construction and long-term viability of the green roof, and a programme for a scheme of maintenance, shall be submitted to and approved by the Council prior to the commencement of works. Thereafter, the green roof shall be fully provided in accordance with the approved details, and permanently retained and maintained in accordance with the approved scheme of maintenance.

Reason: To ensure that the green roof is suitably designed and maintained in accordance with the requirements of policies SD9 and B1 of the London Borough of Camden Replacement Unitary Development Plan 2006 and design advice in the Council's Supplementary Planning Guidance.

- 6 All new external work shall be carried out in materials that resemble, as closely as possible, in colour and texture those of the existing building, unless otherwise specified in the approved application.

Reason: To safeguard the appearance of the premises and the character of the immediate area in accordance with the requirements of policies S1/S2, B1 and B3 of the London Borough of Camden Replacement Unitary Development Plan 2006.
