Dear Sirs,

RE: 22-24 St Pancras Way, NW1 0QG
Conservation Area Consent 2006 / 5702 / C
Application No. 2006 / 5700 / P

NE
Submission
of details
2007 / 364 / P

Further to our previous correspondence dated 22nd June 2007 we apply to discharge condition 17 on behalf of our client Durkan Limited, the contractor appointed by Genesis Housing Group to carry out the works.

Condition 17 – Feasibility study...water-borne freight servicing during demolition & construction...submitted & approved (in conjunction with British Waterways)...prior to demolition... retained & maintained thereafter

We enclose 5 No. copies of a feasibility study on waterborne freight prepared by Durkan Ltd as an application to discharge this condition.

Action: L.B. Camden to discharge condition.

Our client is keen to make a start on site as soon as possible and in this regard we would be grateful for a swift response to all of our outstanding applications.

Thank you for your assistance.

Yours faithfully,

Michael McSweeney
