Notes:

This drawing is to be read in conjunction with MJP drawing 0701-A-02-301.

- Proposed glazed entrance box to South Quadrangle cafe entrance, with perimeter drainage channels..
- New tiled steps into cafe, to negotiate drop in level from South Quadrangle entrance.
- New IT riser enclosure, with accessible wall panels.
- Cafe table seating area.
- Cafe lounge seating area.
- Internal entrance to cafe from South Junction link with a new glazed door, providing level access into the cafe and access to WCs located off site.
- Servery. Existing timber boarding to walls along the servery back counter are retained and protected behind demountable partitions.
- Cafe table seating area. Existing timber boarding to walls in these locations are to be refurbished and decorated.
- Bar counter seating with computer terminals providing internet access.
- Cafe entrance to Food Preparation area.
- Proposed solid partition wall to Food Preparation area, with access hatch for food service.
- Food Preparation area, to support basic food preparation and the regeneration of food. Existing timber boarding to walls within this area are retained and concealed by demountable partitions.
- Dishwash area.
- Internal service entrance to cafe.
- Proposed refuse collection area. (This is for information only, and not included with this Planning and LBC applications.)
- Proposed skip enclosure. (This is for information only, and not included with this Planning and LBC applications.)
- Proposed outdoor cafe seating on existing york stone paved areas.
- Proposed low level planters and seat bollards (This is for information only, and not included with this Planning and LBC applications.)
- Proposed new stone coping forming external seating to the existing parapet wall. (This is for information only, and not included with this Planning and LBC applications.)
- Please note there are existing mechanical and electrical services located below ground, and the exact locations of service runs and access covers are to be determined prior to works on site.
Locations shown for the ground and raised access covers are indicative, and are to be verified before works commence.
